The AFT School Innovative Institute provides the exact theoretical and practical tools necessary for design teams to construct competitive PSC plans. The team building, collaboration, data informed decision making, and professional development activities, are invaluable processes that prepare design teams for systemic and authentic change.

- Dr. Shawn Boone, PSC 1.0, Writing Team Lead

The Los Angeles School Development Institute (LASDI) and UTLA have collaborated with the AFT Center for School Improvement to bring you a weekend of expert coaching in support of your Public School Choice plans. The conference will focus on:

- Effective Communication
- Team Building
- Data-Informed Decision Making
- Professional Development

Please encourage a representative group from your design team to attend the conference together. This group should include:

- Teachers
- Principals/Administrators
- Parents and Community Members
- Older Students

**1-3 salary point credits available for teachers**
